

## A LIFE WITHOUT LIMITS Become an Industry Member Ambassador

The A Life Without Limits program has been brought to WA by the Western Australian Institution of Surveyors (WAIS) and will be managed by representatives from the profession under the banner of SurveyorsWA.

The program aims to protect the profession against forecasted skills shortages by increasing secondary student intake into tertiary study in Surveying, as well as raising the profile of the profession.

Become an Industry Member Ambassador today! Pledge your support to help us expand on this vital campaign.
