## CONFERENCE CHAIR REPORT

This year, WAIS - the Western Australian Institution of Surveyors, in conjunction with the Land Surveyors Licensing Board of Western Australia, will host the annual SWAGSS Conference at the Quality Lighthouse Hotel in Bunbury on Friday, 15 November 2019.

An important event on the South West and Great Southern Surveyors calendar, we are pleased to present this one-day event which includes session themes relating to Native Title, the Strata Titles Regulations, Landgate updates and WAIS initiatives. The Program is guaranteed to be current, topical and thought provoking. Note also we will be starting this year's conference an hour earlier so that you get increased value for your money.

Stay on for the ACSIS Sundowner as it will be the perfect way to unwind after a productive professional development day, and provides yet another opportunity to network with colleagues and friends.
